TRIBUTE TO PETER AND SUZIE ARNOLD

• Mr. KOHL. Madam President, the State of Wisconsin has a long and proud tradition of lands conservation. Wisconsin was home to John Muir and Aldo Leopold—two of our Nation's great conservationists. It is also home to Senator Gaylord Nelson who established the first Earth Day 40 years ago. At the first Earth Day, Senator Nelson noted that his goal was not just one of clean air and water, but also "an environment of decency, quality and mutual respect for all other human beings and all other living creatures." He knew that this goal was achievable through grassroots efforts by every day Americans.

Today I am pleased to congratulate Peter and Suzie Arnold for recently being named the Wisconsin Conservation Farmer of the Year Award Recipients by the Wisconsin Land and Water Conservation Association. Their leadership and dedication to land conservation over the last 11 years has been a model for grazing lands conservation. Through the years their farm near Edgar, WI, has served to educate other dairy farmers on the benefits of grazing lands conservation and served as a research site for the U.S. Department of Agriculture's Dairy Forage Research Center.

The Arnolds have adopted a number of conservation practices to improve soil, air, and water quality on their farm. Over the past several years the organic matter levels in their soils have increased from an average of 2.7 percent to 6 percent while attaining the highest Soil Quality Index score measured by the Natural Resource Conservation Service. This is a true testament to their commitment to conservation. I congratulate the Arnolds for their strong commitment to environmental stewardship and their willingness to continue Wisconsin's proud conservation legacy. The Arnolds are showing that Senator Nelson's vision of "an environment of decency, quality and mutual respect for all other human beings and all other living creatures" is achievable through grassroots efforts by every day Americans.●

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY THAT WAS ORIGINALLY DECLARED IN EXECUTIVE ORDER 13466 OF JUNE 26, 2008, WITH RESPECT TO THE CURRENT EXISTENCE AND RISK OF THE PROLIFERATION OF WEAPONS-USABLE FISSILE MATERIAL ON THE KOREAN PENINSULA—PM 62

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the Federal Register and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the Federal Register for publication the enclosed notice stating that the national emergency declared in Executive Order 13466 of June 26, 2008, is to continue in effect beyond June 26, 2010.

The existence and the risk of proliferation of weapons-usable fissile material on the Korean Peninsula constitute a continuing unusual and extraordinary threat to the national se-

curity and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency and maintain certain restrictions with respect to North Korea and North Korean nationals.
